Your personal data – what is it?

"Personal data" is any information about a living individual which allows them to be identified from that data (for example a name, photograph, video, email address, or address). Identification can be directly using the data itself or by combining it with other information which helps to identify a living individual (e.g. a list of staff may contain personnel ID numbers rather than names but if you use a separate list of the ID numbers which give the corresponding names to identify the staff in the first list then the first list will also be treated as personal data). The processing of personal data is governed by legislation relating to personal data which applies in the United Kingdom including the General Data Protection Regulation (the "GDPR") and other legislation relating to personal data and rights such as the Human Rights Act.

Who are we?

This Privacy Notice is provided to you by **Stoke Canon Parish Council** which is the data controller for your data.

The council works together with:

- Other data controllers, such as local authorities, public authorities, central government and agencies such as HMRC and DVLA
- DBS services suppliers
- Payroll services providers

We may need to share personal data we hold with them so that they can carry out their responsibilities to the council and our community. The organisations referred to above will sometimes be "joint data controllers". This means we are all responsible to you for how we process your data where for example two or more data controllers are working together for a joint purpose. If there is no joint purpose or collaboration then the data controllers will be independent and will be individually responsible to you.

The council will comply with data protection law. This says that the personal data we hold about you must be:

- Relevant to the purposes we have told you about and limited only to those purposes.
- Accurate and kept up to date.
- Kept only as long as necessary for the purposes we have told you about.
- Kept and destroyed securely including ensuring that appropriate technical and security measures are in place to protect your personal data to protect personal data from loss, misuse, unauthorised access and disclosure.

We may also process data if it is necessary for the performance of a contract with you, or to take steps to enter into a contract.

We will also process your data in order to assist you in fulfilling your role in the council including administrative support or if processing is necessary for compliance with a legal obligation.

How long do we keep your personal data?

We will keep some records permanently if we are legally required to do so. We may keep some other records for an extended period of time. For example, it is currently best practice to keep financial records for a minimum period of 8 years to support HMRC audits or provide tax information. We may have legal obligations to retain some data in connection with our statutory obligations as a public authority. The council is permitted to retain data in order to defend or pursue claims. In some cases the law imposes a time limit for such claims (for example 3 years for personal injury claims or 6 years for contract claims). We will retain some personal data for this purpose as long as we believe it is necessary to be able to defend or pursue a claim. In general, we will endeavour to keep data only for as long as we need it. This means that we will delete it when it is no longer needed.
